Welcome by the Mayor of Lugano

I am extremely happy to welcome the International Golf Circuit Grand Prix of the City of Lugano which this year reaches its eighth edition. This important achievement demonstrates how this tournament has been able to grow, improve and reach international renown.

This tournament has become a great showcase that allows the City to promote its image and its attractions with thousands of golfers.

The international tour started in Spain in 2005, then in Portugal in 2007 and it has been included in Italy in 2010. An extension to China took place between 2008-2010 with Hangzhou, Ningbo and Macau. This year, in occasion of the celebration of the 150th anniversary of “Nueva Helvecia Colonia Suiza”, the Circuit is added in Colonia del Sacramento (Uruguay) and in Vancouver (Canada), plus more new destinations in Italy.

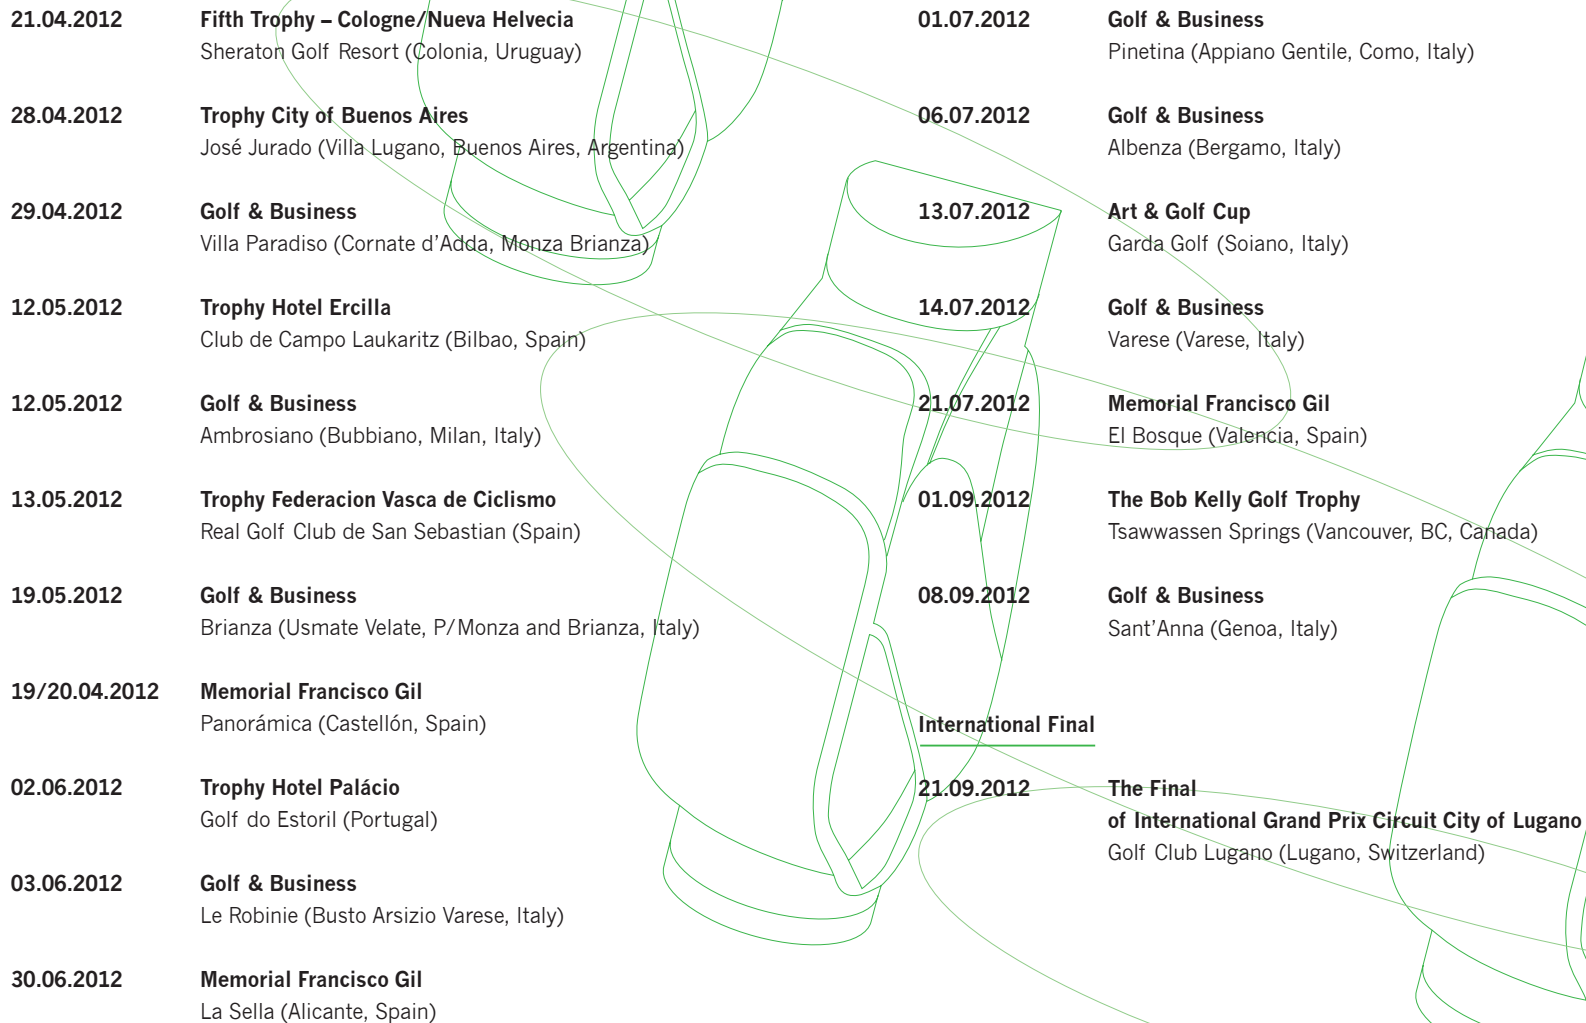

With the integration of nearby Italian golf courses, I am certain convinced that the entire event contributes to a substantial increase of public's awareness of the City of Lugano, its region and its culture.

This International Tour is a precious marketing tool wishes to support actively the cooperation and agreements between cities, promoting projects and facilitating the contact and understanding amongst people.

A special thank goes to the Golf Club Lugano for the cooperation in this great event and to Josè Maria Olazabal the “European Ryder Cup Captain for 2012”, for his appreciation towards the “City of Lugano International Golf Tour”. Finally, I'd like to thank our sponsors, who have chosen to believe in this territorial marketing project.

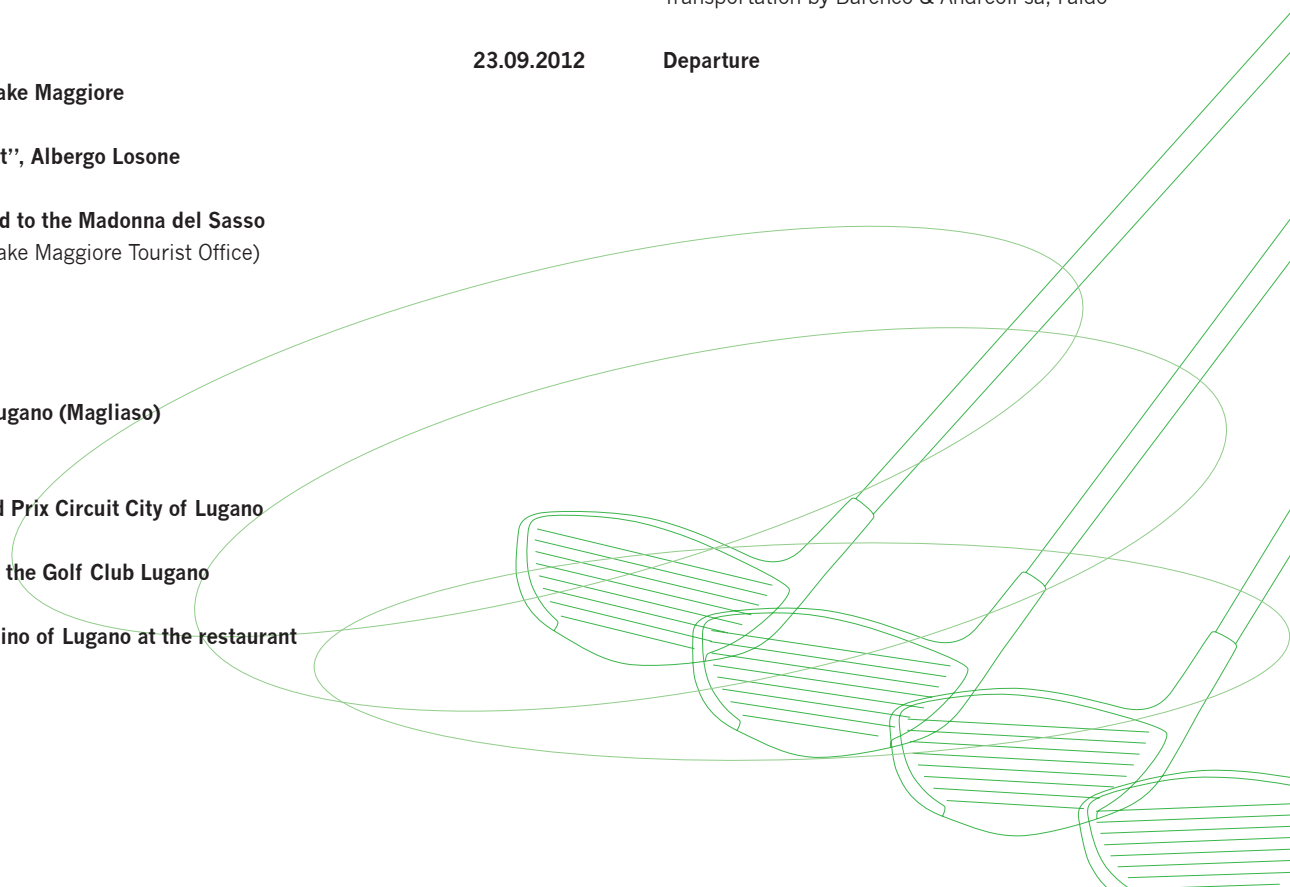

My wish is that you may have a very pleasant time, experiencing enriching encounters and great sporting successes. Lugano will always be very happy to welcome you, trusting that all participants will become friends and lovers of “our” beloved Swiss City.

Giorgio Giudici

LAC, the new cultural centre of Lugano

LAC (acronym for the new cultural centre of Lugano) is doubtlessly the most important and onerous investment of the City of Lugano, which will open its doors in 2014. The heart of the building, designed by renowned architect Ivano Gianola, is the wide hall, a transparent 20 meters high area, through which it will be possible to reach the levels of the centre: the museum, with a 2360 square meters of exhibition area, that will host temporary exhibitions; a prestigious permanent collection, placed in the basement; a wide theatrical and for concerts hall with a 1000 seats capacity, placed in the first floor and designed into details to host various theatrical and musical performances; next to the concert hall there will be a rehearsal theatre and a multifunctional room. There will also be a restaurant on the last floor with a magnificent view on the lake. In the outside, a wide square with 5000 seats capacity will be able to host outdoor performances too. The building will also offer a green park, where to rest and enjoy a wonderful stay in Lugano.

LAC is a place where any cultural expression can meet, for a city that is listened to, admired, lived, and able to give wide room to experimenting creativity, addressed to a heterogeneous, both national and international, audience.

- A CORNER OF PARADISE -

SCENIC LOCATION WELLNESS AND FINE FOOD

Ideally situated amidst breathtaking mountains, the Grand Hotel Eden typifies Swiss efficiency and Italian charm, directly on the waterfront of lovely lake Lugano and close to the Italian border.
